

CCTV Indoor Power Supply
12 Volt DC
18 Camera
29 Amp
UL-Listed

Description

The **DC-18-29UL** is a CCTV power center engineered to manage remote camera and accessory power requirements. The **DC-18-29UL** distribution module is designed with 18 individually fused outputs for powering up to 18 CCTV cameras and accessories. It will provide 12VDC via distribution to eighteen fused outputs with a total of 29 Amps continuous supply current. The **DC-18-29UL** power center is housed in a heavy gauge metal enclosure.

Features

- Convenient screw terminal and fuse access.
- Separation panel between transformers and output access.
- Power ON/OFF switch. AC power LED indicator.
- Individual LED's for each fused output.
- Heavy gauge metal enclosure.
- Double coated polyurethane finish.
- Multiple knockouts to accommodate various wiring configurations.
- Uses easy to find fuses.
- 12 VDC

Specifications

- Eighteen 12VDC individually fused outputs.
- 29 Amps.
- Enclosure Dimensions: 12" (H) x 10" (W) x 4" (D).
